K206

**Most Recommended
Cost-Effective mPOS**

A hand is holding a small, black, handheld payment device (mPOS) over a plate of food. The device has a small screen and a numeric keypad. The background is a blurred image of a restaurant setting with a plate of food.

K206 is the most recommended high cost-effective mPOS of NEXGO, it has passed the latest industry certifications including PCI 6.x. Only weighs 109 g, K206 is much smaller than your palm, users can take it anywhere.
